## RULES

1. All exhibits to be penned by 9.00am on day of show.  
Penning of birds on Sunday morning only. The hall will be open from 8.00am.
2. The decision of the judges to be final except where misrepresentation is discovered.
3. Any person wishing to make a protest shall pay a deposit of £20.00 to the Secretary, if the protest is upheld the deposit will be refunded.
4. Amalgamations, Transfers and Cancellations according to Poultry Club Rules.
5. No Exhibit to be removed until after Trophy Presentation held at 3.30pm.
6. All entries to be received no later than Saturday 21<sup>st</sup> October 2017.
7. Pen numbers available at the door on arrival.
8. The Committee, whose decision will be final, will deal with matters not provided for in these rules.
9. Cornish Bantam Fanciers Society's Annual Show is held under the Avian Influenza (Preventative measures) Regulations 2006 – Licence to hold bird gatherings.

Advice given from the State Veterinary service and DEFRA regarding bio-security:

“All exhibitors/entrants must be instructed to cleanse and disinfect the show cages, crates, boxes or baskets before the event and be advised that they should be cleansed and disinfected on return to the home premises and before they are used again to hold any other bird”

## **JUDGES**

<b>Indian Game Club:</b>	<b>D. MOON</b>
<b>Cornish Old English Game Club:</b>	<b>H. EVANS</b>
<b>Sebright Regional Club Show:</b>	<b>S. PATEL</b>
<b>General Classification:</b>	<b>A. BROWN, S PATEL, D MOON.</b>

|------|---|

# Biosecurity Information for Poultry Gatherings

Participants should familiarise themselves with the [symptoms](#) of Avian Influenza and other notifiable diseases and should take all reasonable steps to minimise the risk of spread of such diseases through **adopting pro-active biosecurity** measures including, but not limited to:

- Minimise the movement of birds between enclosures, and between sites
- Take steps to deter wild birds, particularly waterfowl and Feed and water birds under cover and remove any spillages
- Execute an effective programme of vermin control
- Maintain good cleanliness and hygiene, regularly disinfect hard areas and footwear
- Secure poultry enclosures with appropriate fencing to deter wild birds
- Use of disinfectant mats or foot dips between buildings

## **Before entering a poultry gathering, participants must:**

- Not enter if the place of origin of the birds is within an area of the UK which is under restrictions relating to notifiable avian disease (including Prevention, Protection and Surveillance zones)
- Not enter birds that have attended a poultry gathering in the previous 6 days, or if purchased birds have been brought onto the premises of origin in the past 13 days
- Inspect the health of all birds at the place of origin before departure and not move birds if there are any signs or suspicion of any disease
- Transport birds in clean carriers and not allow these to be contaminated with bird droppings, bedding or other material of bird origin other than that from, or provided for, the birds brought to the gathering
- Use clean bedding material at the start of the journey, on the date of departure, which must be contained within the carrier at all times
- Ensure the exhibitor's name or initials are printed on each carrier for ease of identification while passing through the initial health inspection

## **On arrival to the gathering, participants must:**

Present a signed declaration on the understanding that failure to provide a completed Declaration Form will result in access to the gathering being denied. The Declaration Form should not be sent at the time of making entries but **MUST BE HANDED TO THE SECRETARY / WELFARE OFFICER** immediately prior to the exhibits being inspected and their admission into the show is granted.

- Ensure their birds remain isolated from all other birds, until each has been individually inspected by a named poultry welfare officer
- Present each carrier (and each bird therein) for a health inspection before entering the gathering
- Be prepared to surrender any bird that fails the initial health inspection into isolation for a further examination by a veterinary surgeon, or in the case of suspected Avian Influenza, an representative from DEFRA
- Understand that if a bird fails the initial health inspection that it and any other birds that may have travelled with it will need to be isolated in their vehicle of transport to await a veterinary surgeon's declaration as to the next step

- Understand that permission to gain admission to the gathering may be withheld if someone else's bird/s ahead of them in the inspection queue should fail the initial health inspection and that a veterinary surgeon's permission giving the all-clear will be required before any further unloading for inspection and admission to the gathering can continue
- When inside, to double check cage numbers to ensure exhibits are placed in the correct cages allocated to them
- Assist in the clean-up of any spilled bedding (from carriers) immediately.

**At the end of the gathering participants must:**

- Remove all their poultry and carriers from the gathering venue, back to the premises of origin
- Inspect each bird for signs of ill health, notifying the gathering organiser and/or poultry expert if disease is suspected
- If disease is suspected notify Chairman and isolate those birds for a veterinary inspection and if Avian Influenza is suspected DEFRA must be notified immediately and birds not removed until the all clear given.

**On return to the place of origin, gathering participants must:**

- Inspect the general health of all birds before removing from the carrier
- Notify the gathering organiser if ill health or disease is suspected
- Isolate birds returning to the place of origin for a minimum of one week, observing their health throughout that time
- Dispose of waste material from the carriers, ideally through heated composting for a minimum of 42 days then applied to land as fertiliser
- Not re-enter any birds (existing or purchased) to participate in a gathering for at least 6 days after returning from another gathering.
